

## ***How to Become An Interviewee***

### **Participate in an Important Oral History Project With High School Students in Your Community!**

We are seeking interested people from various culturally diverse groups in our community who have experienced a loss of human rights and would like to participate in an oral history/arts program called **Essence of Acceptance**.

High School students learn how to properly and respectfully conduct oral histories. Interviewees go to the classroom to be interviewed by student panels.

**If you are interested in becoming an interviewee, please fill out this form and fax it to us at 707.526.2918, e-mail to [info@listeningforachange.org](mailto:info@listeningforachange.org), or mail to:**
